What people are saying about Ian Hill

"Ian Hill succeeds where others fall flat... I've gone through the "Big Guns" such as Dyer, Chopra, Robbins and the like. They all seem to offer formulae that have worked for them.... Ian on the other hand, asks us to look deeper into ourselves and become the best human being we can be by drawing on our innate resources and with our very own style and technique. He challenges us to come up with our own method of looking at the world and finding our own true potential."

Ron Sefcheck.

"Zig Ziglar, Les Brown, Lou Holtz, and Tom Peters all have strikingly inspirational messages, but none of them can reach into your soul...like Ian Hill! Ian is NOT your typical motivational speaker. He is a thinker, a doer, a visionary, and quickly inspires everyone to follow in his footsteps...our community will never be the same again.."

Steve Allen

"Ian was absolutely the best we have ever heard. Ian's authenticity, warm heart, and his own "walking of the talk" are truly inspirational."
